## 2 Why I don't sell my books

My books are worth more to me than their market value  
If I got them published I would lose all rights to them  
So I wouldn't be able to give them away for free  
I don't agree with much of the media on both sides or how people build websites  
I have little control over anything  
I want to make the things I have control over the best they can be  
I want to provide something of value in my lifetime  
I want to express my feelings and I want to make the world better  
I don't work well with charities because they won't let me do any meaningful work  
Freeing things helps them spread better

## 3 ¿Por qué no vendo mis libros?

Mis libros valen más para mí que su valor de mercado  
Si los publicara, perdería todos los derechos sobre ellos  
Así que no podría regalarlos gratis  
No estoy de acuerdo con gran parte de los medios de comunicación de ambos lados o con cómo la gente construye sitios web  
Tengo poco control sobre nada  
Quiero hacer que las cosas que tengo control sobre lo mejor que puedan ser  
Quiero proporcionar algo de valor en mi vida  
Quiero expresar mis sentimientos y quiero mejorar el mundo  
No trabajo bien con organizaciones benéficas porque no me dejan hacer ningún trabajo significativo  
Liberar las cosas les ayuda a propagarse mejor

## Why I don't sell my books

1. My books are worth more to me than their market value
2. If I got them published I would lose all rights to them
3. So I wouldn't be able to give them away for free
4. I don't agree with much of the media on both sides or how people build websites
5. I have little control over anything
6. I want to make the things I have control over the best they can be
7. I want to provide something of value in my lifetime
8. I want to express my feelings and I want to make the world better
9. I don't work well with charities because they won't let me do any meaningful work
10. Freeing things helps them spread better

## 4 Why Not Try to Persuade Others

To Follow Your Ideas?

Be a record that not all agreed to where society was going

To speak what other people do not have the words to say but feel the same as me

There are usually more than one way to do things and I do not have all the answers

To keep people thinking and asking questions so others will not adopt half my ideas and then claim they follow me

The only essential things are

That the Creator God must be worshipped

There is only One God who offers eternal life

I want it to be easier to understand this by believers and non-believers alike while living in a culture that is fundamentally atheist.

## 5 ¿Por qué no tratas de persuadir

a otros para que sigan tus ideas?

Sé un registro que no todos estuvieron de acuerdo con hacia dónde iba la sociedad

Para hablar lo que otras personas no tienen las palabras que decir, sino que sienten lo mismo que yo

Normalmente hay más de una forma de hacer las cosas y no tengo todas las respuestas

Para mantener a la gente pensando y haciendo preguntas para que otros no adopten la mitad de mis ideas y luego digan que me siguen

Las únicas cosas esenciales son

Que el Dios Creador debe ser adorado

Solo hay un Dios que ofrece vida eterna

Quiero que sea más fácil entender esto tanto por parte de creyentes como de no creyentes mientras viven en una cultura fundamentalmente atea.

## Why Not Try to Persuade Others To Follow Your Ideas?

- 1) Be a record that not all agreed to where society was going
- 2) To speak what other people do not have the words to say but feel the same as me
- 3) There are usually more than one way to do things and I do not have all the answers
- 4) To keep people thinking and asking questions so others will not adopt half my ideas and then claim they follow me

The only essential things are

- 1) That the Creator God must be worshipped
- 2) There is only One God who offers eternal life

I want it to be easier to understand this by believers and non-believers alike while living in a culture that is fundamentally atheist

## 6 Society Collapse

Society is breaking down globally  
It is controlled and planned  
It is happening slowly  
This is to our advantage  
This is to their advantage  
Let this happen peacefully  
Alternatives are worse for everyone

## 7 Colapso de la sociedad

La sociedad se está desmoronando a nivel mundial  
Está controlado y planificado  
Está sucediendo lentamente  
Esto es para nuestra ventaja  
Esto es en su beneficio  
Deja que esto suceda pacíficamente  
Las alternativas son peores para todos

# Society Collapse

- Society is breaking down globally
- It is controlled and planned
- It is happening slowly
- This is to our advantage
- This is to their advantage
- Let this happen peacefully
- Alternatives are worse for everyone

## 8 What is More Important?

Faith based traditional world values discipline and wants more God.  
Science based modern world values automation and wants more technology.

Both want the government to push their side.

But both say they want less government involvement.

Hypocrisy on both sides.

Is it possible to be neutral?

## 9 ¿Qué es más importante?

El mundo tradicional basado en la fe disciplina y quiere más Dios.

El mundo moderno basado en la ciencia valora la automatización y quiere más tecnología.

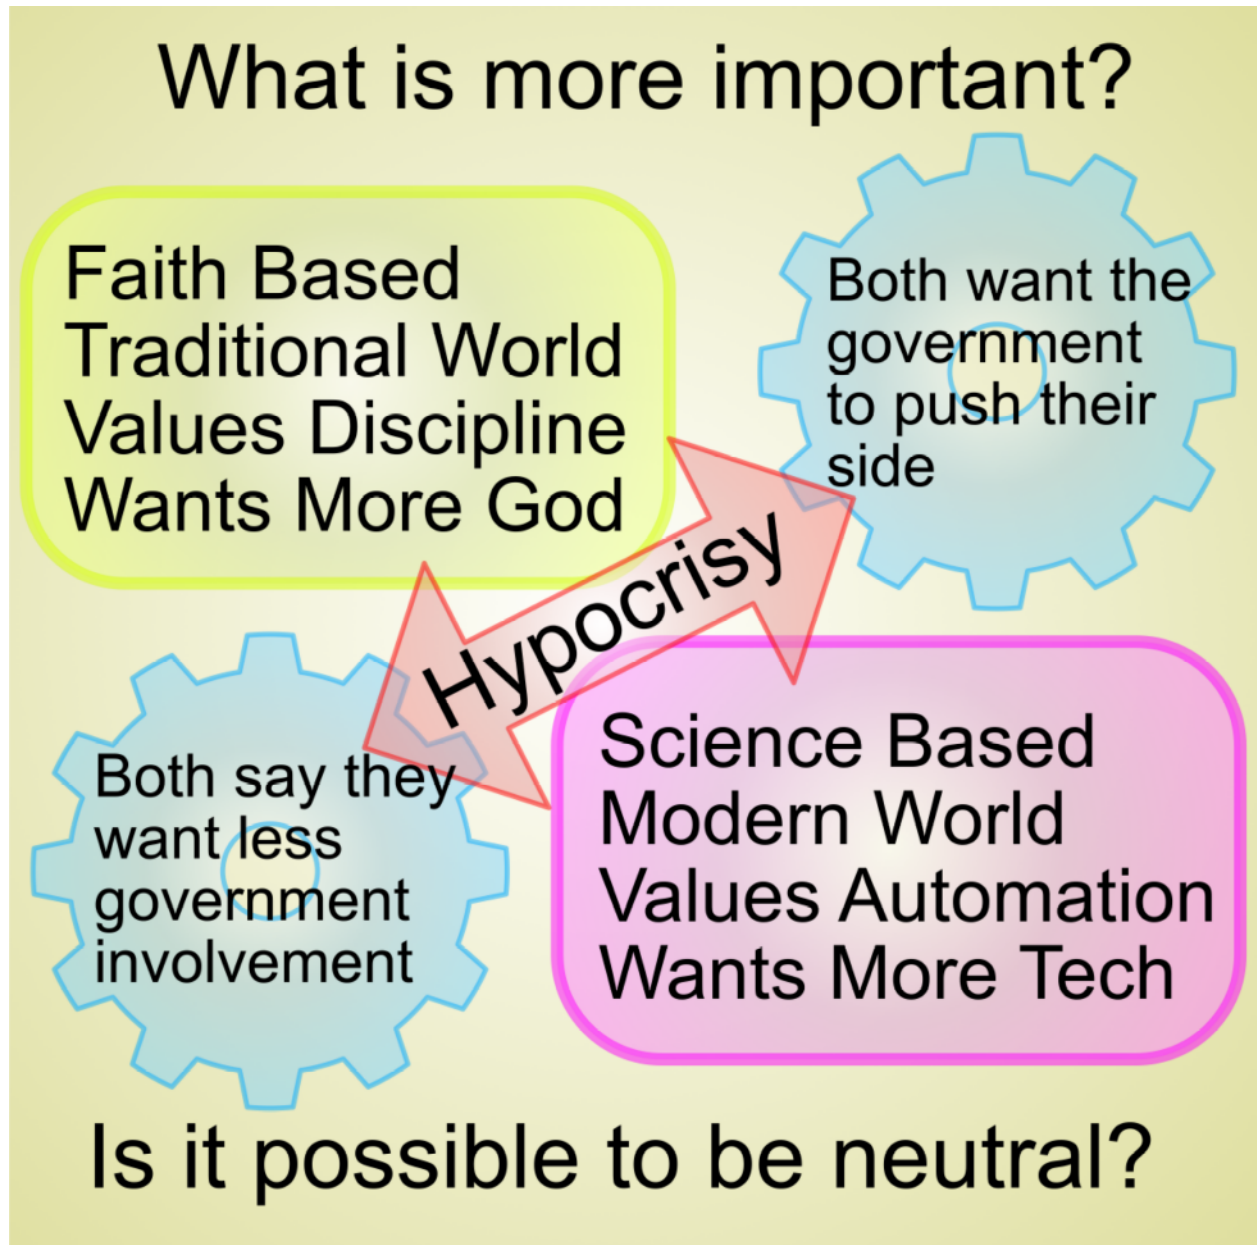

Ambos quieren que el gobierno se ponga de lado.

Pero ambos dicen que quieren menos participación del gobierno.

Hipocresía en ambos lados.

¿Es posible ser neutral?

## 10 Spiritual Knowledge

Why we lack it

lack of patience

easily distracted

lack of resilience

lack of imagination

lack of self control

unwillingness to commit

seeking easy answers

How we can gain it

practice our faith

to get good at it

practice is difficult and boring

but it is worth the effort

we are the problem

but we can solve it

by improving who we are

## 11 Conocimiento espiritual

¿Por qué nos falta?

Falta de paciencia

Fácilmente distraído

Falta de resiliencia

Para ser bueno en eso

## 12 Human vs. God

God's law is your conscience  
your conscience is God's law  
human judgment is not truth  
truth is not human judgment  
God never changes  
science always changes  
what was good and bad throughout history  
is still what is good and bad today  
the Bible is hard  
because life is hard

### Christian Worries

Christians are not worried that you won't like them because they love God.  
What worries us is that you will not love God because you do not like us.

### Bad Christians

Bad people know they need help  
But normal people need God too  
Because it is normal to need God

## 17 Preocupaciones cristianas y malos cristianos

### Preocupaciones cristianas

A los cristianos no les preocupa que no te gusten porque aman a Dios.  
Lo que nos preocupa es que no amarás a Dios porque no te gustamos.

### Cristianos malos

Los malos saben que necesitan ayuda  
Pero la gente normal también necesita a Dios  
Porque es normal necesitar a Dios

## Christian Worries

Christians are not worried  
that you **won't like them**  
because they love God.

What really worries us is  
that you will **not love God**  
because you do not like us.

## Bad Christians

**Bad** people know **they need** help

But normal people **need** God too  
Because it is normal to **need** God

## 18 Cross Discipline Concept of Self

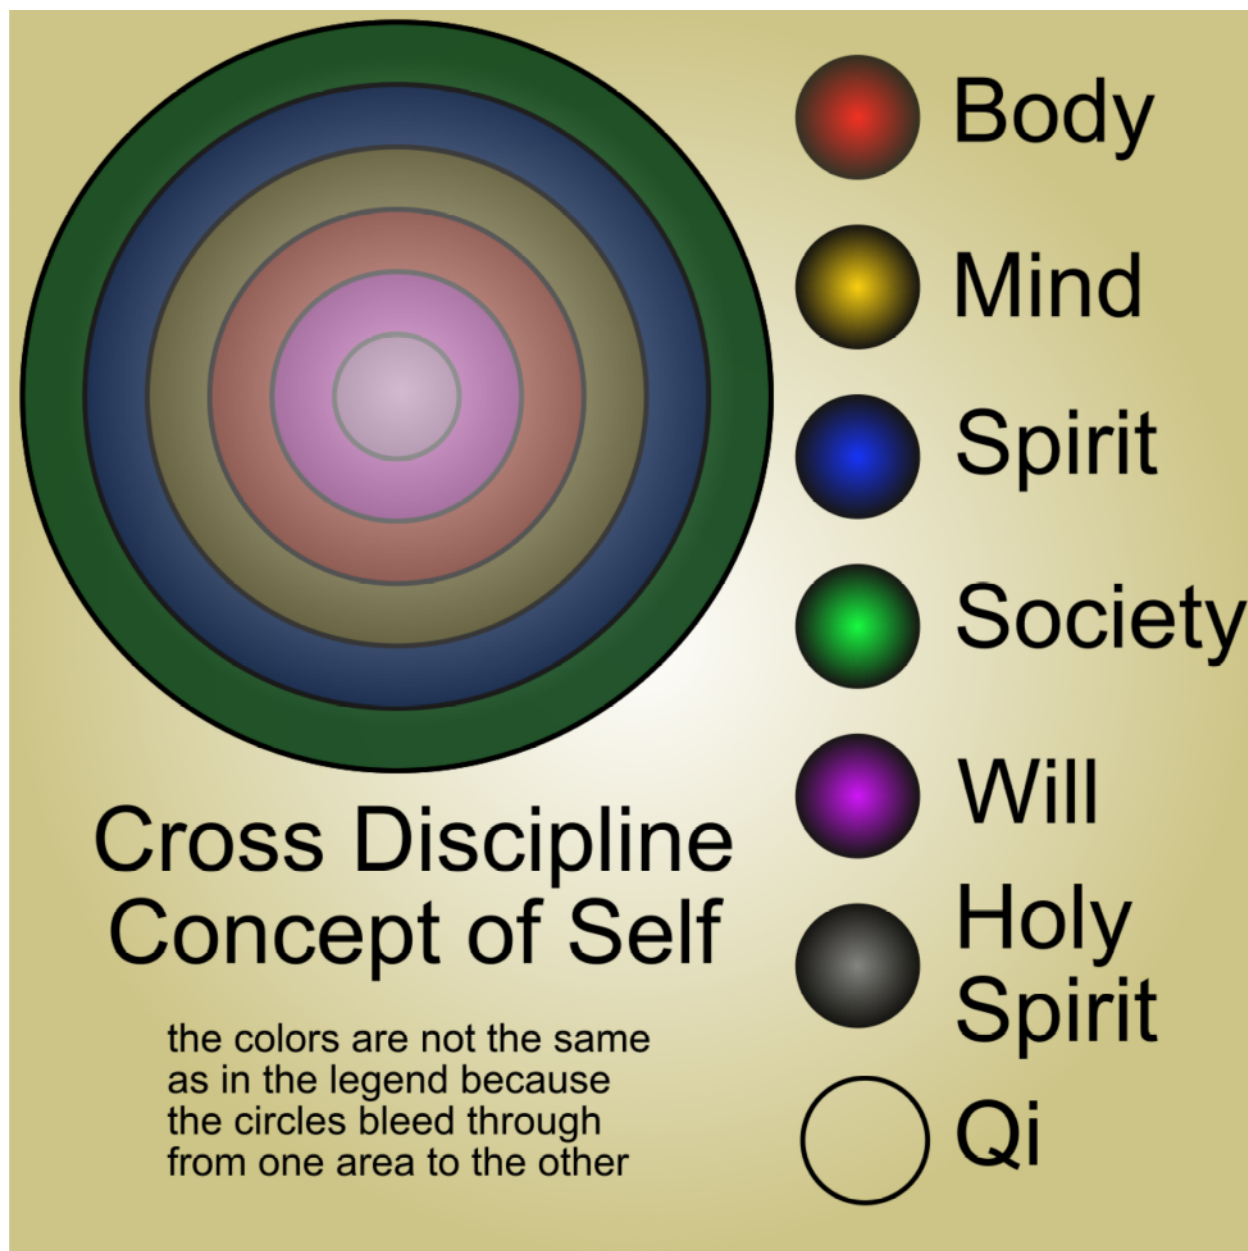

In circles within circles going from widest to narrowest. Colors in legend do not match colors exactly in circles as they bleed into each other.

Qi - transparent  
Society - green  
Spirit - blue  
Mind - yellow  
Body - red  
Will - purple  
Holy Spirit – grey

## 19 Concepto de disciplina cruzada del yo

En círculos dentro de círculos que van de más ancho a más estrecho. Los colores de la leyenda no coinciden exactamente con los colores en los círculos, ya que sangran entre sí.

Qi - transparente  
Sociedad - verde  
Espíritu - azul  
Mente - amarillo  
Cuerpo - rojo  
Will - morado  
Espíritu Santo - gris

## 20 Blood and Light

Spiritual Warfare and Growth

Blood and Light title on top right

Caption Spiritual Warfare and Growth on bottom

Blushing sun in top left

Brown tear drop person

With x cross over his red heart

With a candy cane missile hitting his heart

With a series of concentric circles radiating out

To symbolize explosion

With a giant leaf and blue sky in background

## 21 Sangre y luz

Guerra espiritual y crecimiento

Título de Blood and Light en la parte superior derecha

Leyenda Guerra espiritual y crecimiento en la parte inferior

Sol ruborizado en la parte superior izquierda

Persona de gota de lágrimas marrón

Con x cruz sobre su corazón rojo

Con un misil de caña de caramelo golpeando su corazón

Con una serie de círculos concéntricos irradiando

Para simbolizar la explosión

Con una hoja gigante y un cielo azul de fondo

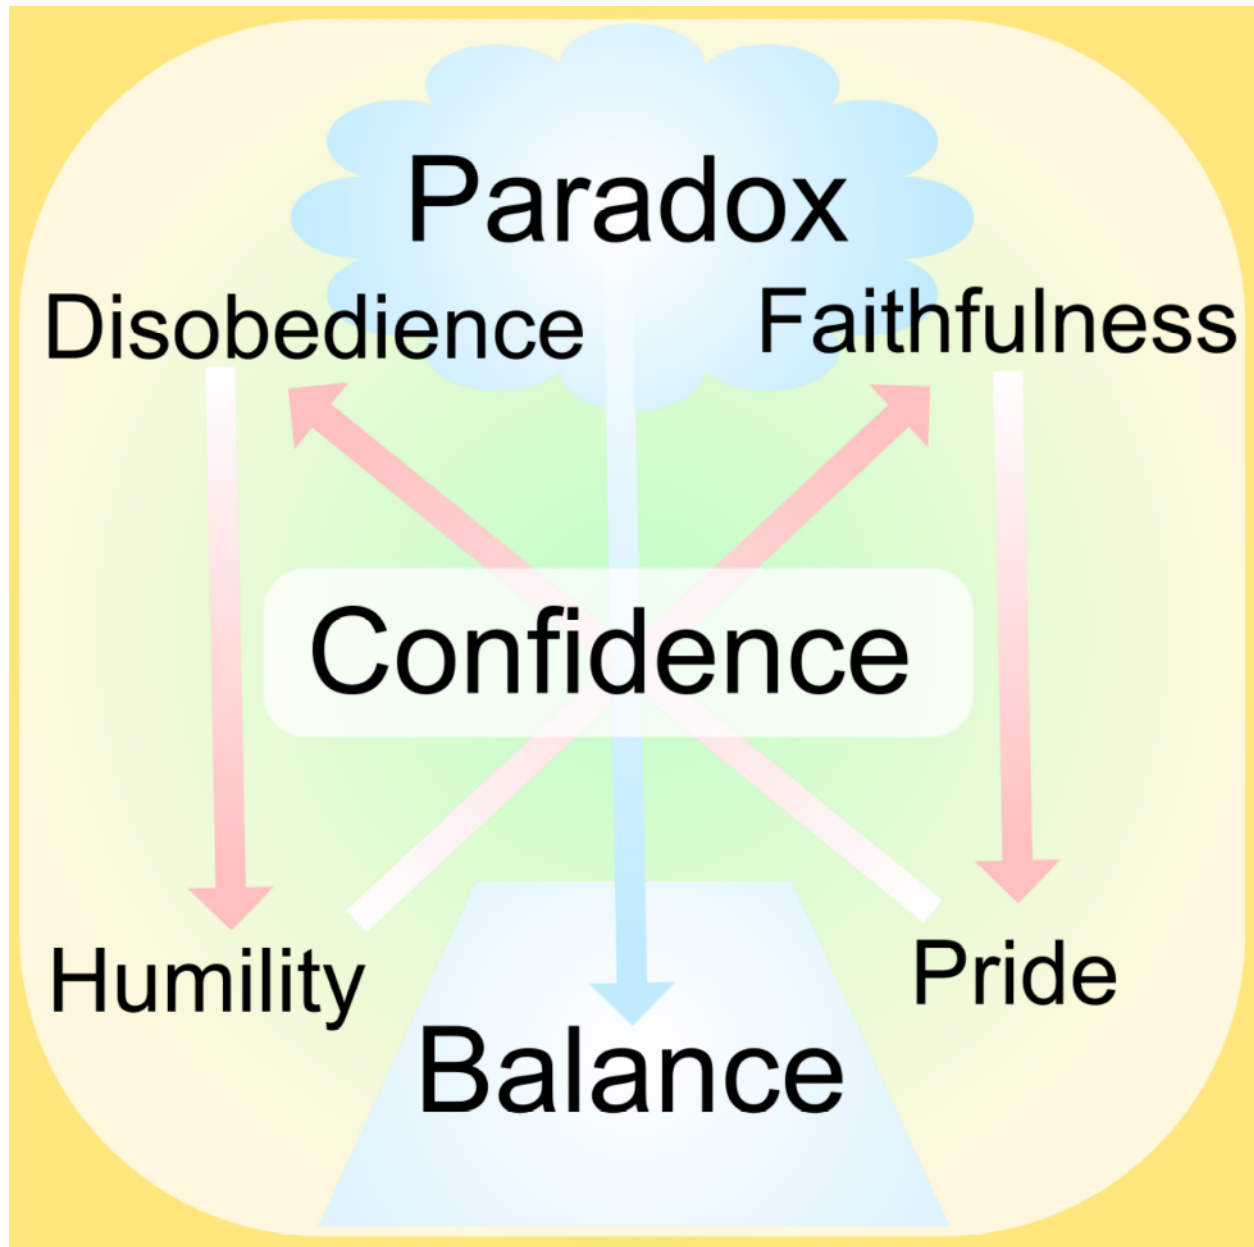

## 22 Confidence

Paradox moves down to balance  
While disobedience moves down to humility  
As humility moves up and right to faithfulness  
And faithfulness down to pride  
Then up and left to disobedience

## 23 Confianza

La paradoja se reduce al equilibrio  
Mientras que la desobediencia se reduce a la humildad  
A medida que la humildad sube y el derecho a la fidelidad  
Y fidelidad hasta el orgullo  
Luego arriba y dejado a la desobediencia

## 24 No Rights, Just Grace

The Bible does not have inalienable rights  
God has a different kind of justice system  
Nothing is truly free  
We are not guaranteed anything in life  
We have all broken God's laws  
And deserve nothing because of this  
Until we ask for forgiveness  
And choose to follow God  
Then we are transformed into better people  
Over the rest of our lives  
If we continue to choose to follow God  
God forgives us because He chooses to do so  
God can forgive us because He created us and He suffered for us

## 25 Sin derechos, solo gracia

La Biblia no tiene derechos inalienables  
Dios tiene un sistema de justicia diferente  
Nada es realmente gratis  
No se nos garantiza nada en la vida  
Todos hemos violado las leyes de Dios  
Y no merezco nada por esto  
Hasta que pidamos perdón  
Y elige seguir a Dios  
Entonces nos transformamos en mejores personas  
Durante el resto de nuestras vidas  
Si seguimos eligiendo seguir a Dios  
Dios nos perdona porque elige hacerlo  
Dios puede perdonarnos porque nos creó y sufrió por nosotros

# No Rights, Just Grace

The Bible does not have inalienable rights  
God has a different kind of justice system

*Nothing is truly free*

*We are not guaranteed anything in life*

We have all broken God's laws  
And deserve nothing because of this  
Until we ask for forgiveness  
And choose to follow God  
Then we are transformed into better people  
Over the rest of our lives  
If we continue to choose to follow God

*God forgives us because He chooses to do so*

*God can forgive us because He created us and He suffered for us*

## 26 Modern World is Easy

Peoples of the ancient world worshipped gods who were mean to them  
Some followed God merely because He created them  
Now we have 3 new reasons  
We have the promise of eternal paradise  
We have a community of believers  
And we can have God live within us  
This should encourage us not scare us  
And it only takes 5 minutes to start  
You will want to then spend your life in service and tell others  
Because you will become a better person

## 27 El mundo moderno es fácil

Los pueblos del mundo antiguo adoraban a dioses que eran malos con ellos  
Algunos siguieron a Dios simplemente porque los creó  
Ahora tenemos 3 nuevas razones  
Tenemos la promesa del paraíso eterno  
Tenemos una comunidad de creyentes  
Y podemos hacer que Dios viva dentro de nosotros  
Esto debería animarnos a no asustarnos  
Y solo se tarda 5 minutos en empezar  
Querrás pasar tu vida al servicio y decirle a los demás  
Porque te convertirás en una mejor persona

## 28 There is a Hell

It is the underworld in mythology  
It is compared to a place of fire and trash  
This may be the future earth  
Sin causes environmental disasters  
The modern world is Babylon  
Judgement for the modern world  
Is happening through global warming  
Weather will continue to get worse  
As we continue to disrespect God's creation  
Because of our greed  
Prophecy is being fulfilled now  
God is an environmentalist  
And Christians should be too  
Sin is sin no matter how or why  
And everything costs something

## 29 Hay un infierno

Es el inframundo en la mitología  
Se compara con un lugar de fuego y basura  
Esta puede ser la tierra futura  
El pecado causa desastres ambientales  
El mundo moderno es Babilonia  
Juicio para el mundo moderno  
Está sucediendo a través del calentamiento global  
El clima seguirá empeorando  
A medida que continuamos irrespetando la creación de Dios  
Por nuestra codicia  
La profecía se está cumpliendo ahora  
Dios es un ecologista  
Y los cristianos también deberían serlo  
El pecado es pecado sin importar cómo o por qué  
Y todo cuesta algo

## 36 The Most Important Thing

If you could do anything  
To change the world or yourself  
And you only had time for one thing  
What would you do?  
Christianity is about who Christ is  
And His supernatural involvement in our lives  
And our ultimate choice to follow Him  
Christ offers a solution to suffering  
He forgives our evil (or sins)  
He gives joy and peace by living within us  
He offers a community of believers  
He also offers eternity in paradise

## 37 Lo más importante

Si pudieras hacer algo  
Para cambiar el mundo o a ti mismo  
Y solo tuviste tiempo para una cosa  
¿Qué harías?  
El cristianismo se trata de quién es Cristo  
Y su participación sobrenatural en nuestras vidas  
Y nuestra elección definitiva para seguirlo  
Cristo ofrece una solución al sufrimiento  
Él perdona nuestro mal (o pecados)  
Él da alegría y paz viviendo dentro de nosotros  
Ofrece una comunidad de creyentes  
También ofrece eternidad en el paraíso
